

If you are not feeling well and having COVID symptoms (fever greater than 100.4, cough, shortness of breath, fatigue, muscle or body aches, loss of taste/smell, or headache, nausea, congestion or runny nose for an unknown reason) please stay home and contact Lisa Patrick at 594-SICK. The district will only compensate you for any sick time taken once you have tested positive for COVID and have forwarded the results to Lisa.

If you are a close contact and unvaccinated, you can test each morning of your quarantine period. Once you test negative each day you can work that day, monitor your symptoms and it is HIGHLY recommended that you wear a mask the full 10 days.

If you choose not to test daily, you will be required to quarantine at home for 10 days. If you choose this option, you will need to use your own leave time. COVID leave will only be available if you are having symptoms and then follow up with a positive COVID test.

We will provide COVID leave to any staff member that must stay home to take care of an immediate family member that has tested positive for COVID. When the positive family member's quarantine has ended, the staff member will need to either quarantine for 10 days as a close contact or get rapid COVID testing at school for 10 days. It is HIGHLY recommended to wear a mask during the quarantine period. Please send your immediate family member's positive test result to Lisa Patrick.
